1. WHAT IS AN INTERNATIONAL TRANSFER CERTIFICATE?

- 1.1 An International Transfer Certificate (**ITC**) is a certificate provided from one national association to another to facilitate the transfer of a player between countries.
- 1.2 The FIFA Regulations on the Status and Transfer of Players (**FIFA Regulations**) require all players to obtain an ITC where the immediately preceding registration was with a national association other than the national association in which the player is registering.
- 1.3 Further, Football Australia's (**FA**) National Registration, Status and Transfer Regulations (**NRSTRs**) prescribe various obligations in relation to the requirement for a player to have a valid ITC prior to registering and playing football in Australia.
- 1.4 FA is responsible for ensuring that the FIFA Regulations and the NRSTRs are correctly applied within Australia.
- 1.5 In Australia, the only authorised body who can request an ITC for a player is FA.
- 1.6 Typically, there are three types of ITCs for eleven-a-side football. There are ITCs for amateur adults, ITCs for professional players, and ITCs for minors, the details of which are set out in the following sections.
- 1.7 Failure to request and obtain an ITC in accordance with the NRSTRs and the FIFA Regulations may give rise to disciplinary sanctions being issued against FA, the relevant Club and/or the player. Depending on the circumstances, these may include financial sanctions or sporting sanctions, such as a ban on registering players for a period of time.

2. REGISTRATION PERIODS

- 2.1 The FIFA Regulations provide that FA must set two (2) registration periods for the registration of **all** players participating in professional competitions within its jurisdiction.
- 2.2 All players registering in a professional competition, that is, a competition in which there is at least one (1) professional player registered, must be registered during one (1) of the two (2) registration periods set by FA.
- 2.3 FA is permitted to have separate Registration Periods for males and females i.e. two (2) for male competitions and two (2) for female competitions.
- 2.4 The FIFA COVID-19 Football Regulatory Issues Guidelines and FAQs have enabled FA to apply to split the first Registration Period for 2020/21 Seasons only.
- 2.5 The 2020/21 FA Registration Periods are as follows:

2020/21 Male Registration Periods

Registration Period 1(a):	8 November 2020 to 3 January 2021
Registration Period 1(b):	16 February 2021 to 15 March 2021
Registration Period 2:	12 April 2021 to 10 May 2021

2020/21 Female Registration Periods

Registration Period 1(a):	15 November 2020 to 9 January 2021
Registration Period 1(b):	31 March 2021 to 27 April 2021
Registration Period 2:	21 June 2021 to 19 July 2021

- 2.6 These registration periods represent the only opportunity in which to obtain an ITC for players participating in professional male and professional female competitions. There is only one exception to this rule: a professional whose previous professional contract has expired prior to the close of the last registration period may be registered outside that transfer period. This is, of course, at all times subject to any additional NPL or Competition-specific registration periods applied by a Member Federation.
- 2.7 Players participating in purely amateur competitions with no professional players will not be impacted by these registration periods and will be able to request an ITC at any time. Their ability to register in their amateur competition, however, is at all times subject to any additional NPL or Competition-specific registration periods applied by a Member Federation.

3. ITCs FOR AMATEUR ADULTS

- 3.1 An ITC will be required for a player aged 18 or over where that player's immediately previous football registration was overseas.
- 3.2 An ITC request is triggered during the Play Football self-registration process, which requires the player to respond truthfully to the following question:
Was Your Last Registration to an Affiliated Football (Soccer) Club in Australia?
- 3.3 If the player answers "No – my last registration was overseas" to this question, they will be prompted to respond truthfully to the following questions: their registration status switches to 'Pending ITC'.
- (a) *What was the Country of Your Last Registration?*
- (b) *Name of Your Previous Club?*
- (c) *What was the Year of your Last Registration?*
- 3.4 The Player will then progress through to confirm their registration, upon which their status will switch to 'Pending ITC'. The player's data is then automatically sent to FA so that they may request an ITC.
- 3.5 FA will update Play Football with the date the ITC was requested from the player's former national association and change their status to ITC FA Requested.
- 3.6 FA cannot register a player unless and until: (a) the ITC is received; or (b) no response has been received from the Player's former national association within seven (7) days from the date FA sends the ITC request.
- 3.7 As a guiding principle, Clubs should allow twenty (20) days from the date the ITC is requested by the Player on Play Football. However, during peak periods this timeframe may vary.

- 3.8 **All** players requiring an ITC are required to provide a scanned copy of their passport to FA in order to process their transfer. This change in the requirements is due to FIFA amending the FIFA Regulations (for details see [FIFA Circular 1679](#)). All players should provide this document directly to their relevant Member Federation. The details for each Member Federation are provided in item 9.1 of this Guide.
- 3.9 If the player is transferring from the United States, the Club (on the player's behalf) are required to send the Member Federation the following **additional details**:
- i. The name of the player's former club in the United States;
 - ii. The location of the player's former club in the United States – city and state; and
 - iii. The player's last state of residence in the United States.
- 3.10 Players should contact their Club regarding ITC-related queries. Players (and parents or representatives of players) **should not contact FA directly** – this will only delay the process.
- 3.11 All Club enquiries should be directed to their relevant Member Federation. The details for each Member Federation are provided in item 8.1 of this Guide.

4. ITCs FOR PROFESSIONAL ADULTS WITH NPL CLUBS

- 4.1 There are a small number of professional adult players in Australia registered to a Member Federation Club. These Clubs ordinarily compete in the National Premier Leagues (**NPL**).
- 4.2 If a player, being a male or female player participating in eleven-a-side football, was previously registered with an overseas Club and the new Australian club wishes to register that player as a professional, the new Australian club will need to request that player's ITC via the FIFA Transfer Matching System (**TMS**).
- 4.3 This is done with guidance, in the first instance, from the relevant Member Federation, and later, by FA. Please note that FA provides training to Clubs prior to applying to FIFA TMS for access.
- 4.4 The FIFA Regulations provide for real and significant sanctions for Clubs and national associations that do not comply with the obligation to use TMS. Should there be any queries, Clubs are encouraged to contact the relevant Member Federation as soon as practicable.
- 4.5 For more information on the transfer of professional players into Australia, please contact the relevant Member Federation in your region.

5. THE INTERNATIONAL CLEARANCE PROCESS FOR MINORS

- 5.1 Pursuant to the FIFA Regulations, the international clearance process applies to any minor player, being a player aged 10 to 18 years (**Minor**) seeking to register to play football in Australia at any level.
- 5.2 As a starting point, the FIFA Regulations provide: *International transfers of players are only permitted if the player is over the age of 18* (Art 19.1). This policy is intended to protect players under the age of 18 from potential exploitation.

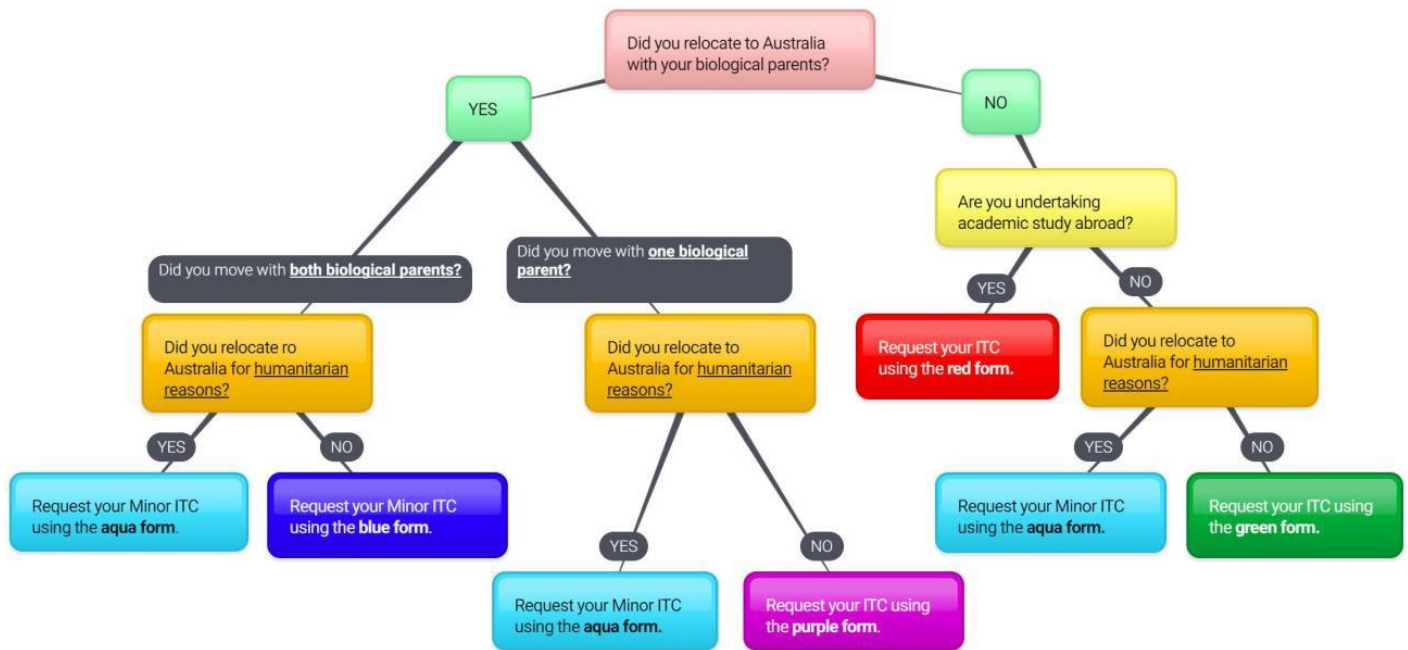

- 5.3 The FIFA Regulations also apply to any Minor who is a foreign national (including refugees) seeking to register in Australia, irrespective of whether they were registered to play football in their previous country or not. The FIFA Regulations also capture any Australian Minors who are returning to Australia after having played abroad. Any such Minor seeking to register to play football will need to complete a Minor ITC Application.
- 5.4 Where a Minor was born in a country other than Australia and is **registering to play football for the first time**, the international clearance process will still need to be carried out. FA is required to confirm that there is no record of registration of the player in their former country of residence and will still require supporting documents to request this information.
- 5.5 FA is able to consider Minor ITC Applications for the transfer of Minors to amateur Australian Clubs who meet the FIFA exception in Art. 19.2(a) of the FIFA Regulations, being where the player's parents move to the country in which the new Club is located for reasons not linked to football.
- 5.6 For all other Minors (including exchange students, any child in Australia on refugee or protection visa, or Minors seeking to register with an Australian professional Club), FA may be able to make an application on behalf of that Minor to the FIFA Players' Status Committee in Zurich. However, FA is unable to make any guarantee as to the outcome of such an application. Please note that such applications can be very time consuming and require significant supporting documentation. Further, in FA's experience, it is not unusual for FIFA to make a number of requests for further supporting documentation once the initial application is lodged.
- 5.7 Children aged under 10 do not require an ITC.
- 5.8 An individual player's footballing ability or nationality has no bearing on the ITC process.
- 5.9 There are six applications forms that address the specific requirements of each Minor ITC Application type. These forms must be fully completed and returned to the relevant Member Federation, together with all necessary documents supporting the application.

-
- 5.10 To avoid delays, please ensure that:
- (a) only Member Federations send the Minor ITC Application Form and supporting documents to FA; and
 - (b) the supporting documents provided are in accordance with the relevant enclosed checklists.
- 5.11 The below flowcharts will assist parents, Clubs and Member Federations to determine which application form to complete and which additional documentation is required to support a Minor ITC Application.

6. INTERNATIONAL FUTSAL TRANSFER CERTIFICATES

- 6.1 An International Futsal Transfer Certificate (*IFTC*) will be required where the player's immediately previous futsal registration was overseas, being on the territory of a national association other than FA.
- 6.2 An IFTC is distinguishable from an ITC used in outdoor eleven-a-side football.
- 6.3 Given the relatively small number of futsal players in Australia deemed to be participating in official Futsal competitions, rather than social football, an IFTC will not be automatically triggered during the self-registration process. Should a Club wish to register a player whose immediately previous futsal registration was overseas, they should contact their relevant Member Federation in order to manually request an IFTC.
- 6.4 Aside from this, the administrative process for an IFTC shall operate in the same manner as an ITC.

10. FREQUENTLY ASKED QUESTIONS

10.1 *How long will the ITC process take?*

The length of time it will take for a player to obtain their ITC varies depending on which application process applies.

An outcome will be advised to the player's Member Federation either:

- (a) when the ITC is received from the former national association; **or**
- (b) 7 days from the date the ITC was requested from the former national association by FA if no response is received from that former national association.

Where no response has been received from the former national association within 7 days of FA's initial request, that player can register on a provisional basis. However, this period commences **only at the point at which FA requests the ITC**. FA will insert the date on which it requests the ITC from the relevant national association in Play Football.

Factors, which may increase the time it takes to receive your ITC, include:

- not having de-registered from your previous association or Club;
- any preliminary time required to complete and submit your Minor ITC Application through your Member Federation;
- not providing all necessary supporting documentation for a Minor ITC Application;
- providing incorrect or incomplete information about your playing history during the Play Football registration process;
- not providing your Member Federation with a copy of your passport or ID;
- FA processing time during peak registration periods; and
- if your application is required to be submitted to the FIFA Players' Status Committee in Switzerland, this can add up to 3 months to the process (applications where this is required include: Minors seeking to register with professional Clubs, exchange students, and refugees who have moved to Australia without their parents).

10.2 *Is there anything I can do to expedite the process?*

We encourage all Players to ensure they have de-registered from their previous Club and association. Players must also ensure they have provided accurate information to their Club, relevant Member Federation and FA about their overseas playing history.

In relation to Minors, we encourage parents, Clubs and Member Federations to carefully review this guide to ensure that all supporting documentation is received in the first instance.

10.3 *What if I needed an ITC last year but didn't complete the registration properly, and have therefore been playing without one?*

In this scenario, you will need to contact your Member Federation and ensure that your ITC is requested. Compliance with the NRSTRs is a requirement of registering to play football in Australia, one aspect of which is the ITC process.

Clubs who field Players who require ITCs but who have not obtained them expose their Club and their teams to disciplinary sanctions (including loss of competition points and financial penalties).

10.4 *If my last registration was with a US College, do I need an ITC?*

Some US College teams are affiliated to US Soccer, and some are not.

If you are a non-Australian player seeking to register in Australia and in Play Football you indicate that your last Club was a US College, **FA will always request the ITC**. This is due to the fact that, prior to playing for the College (affiliated or not), your junior registrations will likely have been with an affiliated US Soccer Club.

If you are an Australian player seeking to register in Australia and in Play Football you indicate that your last Club was a US College, FA will conduct a checking process to confirm whether or not an ITC is required.

In any event, you will need to provide your US College registration as your immediately previous overseas Club in the Play Football questionnaire.

10.5 *Why is so much documentation required in a Minor ITC Application?*

The level of documentation required for a Minor ITC Application is set by FIFA. FA is responsible for ensuring the FIFA Regulations are correctly applied within Australia, and that all Minors seeking their ITC meet FIFA's documentation standards.

Where a Minor application is required to be submitted to the FIFA Players' Status Committee in Switzerland, incomplete applications will be rejected.

FIFA have the ability to audit applications made to FA for Minor ITCs, requiring an assessment of all of the supporting documentation submitted to FA. It is pertinent that all supporting documentation is sent to FA to ensure that FIFA's requirements in relation to Minor ITC Applications are adhered to.

10.6 ***What documentation is required where a Minor has moved to Australia with only one parent?***

It is not uncommon for a Minor to move to Australia for non-footballing reasons with one parent only. In this circumstance, please refer to the documentary requirements for the **Purple Form** applications.

Where a Minor has moved to Australia with one biological parent because that parent has married an Australian, irrespective of whether the parent's new Australian spouse has adopted the Minor, the documentation must still pertain to the biological parent.

10.7 ***Where can I find more information on ITCs?***

A current version of the FIFA *Regulations on the Status and Transfer of Players* can be found on the FIFA website at the following URL:

<http://www.fifa.com/about-fifa/official-documents/index.html>

Further information regarding the application of the FIFA *Regulations on the Status and Transfer of Players* to minor players is available at on the FIFA [website here](#).

10.8 ***I am concerned about my personal information. Does FA have a privacy policy?***

A current version of FA's *National Privacy Policy* can be found at www.footballaustralia.com.au
